### Instructions for the Santa Scene Window Pane

#### Items you will need for this project:

Cut away stabilizer

2 yds Fabric for the 12 embroidered squares

1 Fat quarter for the Christmas Tree

1 Fat quarter for the Rug

1 yd for the window panes, frame & back

1 piece of batting cut the same width & height as the finished top-

Approximately 20 1/4" x 24"

Iron-on adhesive for the 1/2" window pane

Three plastic rings

One 22" dowel

The fabrics were purchased at a local quilt shop.

Notes: An appliqué iron works best for bonding the 1/2" window panes. If using printed material line each appliqué piece so the patterns will line up together nicely. The window panes are held by iron-on adhesive on the front of the embroidered/sewn designs.

Cut fabric for the 12 squares to be embroidered. We used 12"x 12"

1. Hoop the Pieces with cut away stabilizer.
2. Embroider the designs: The Christmas Tree pieces and Rug pieces have Tack down and Outlines for the material.

3. Trim the 12 squares 1/2" on the outside of the embroidered square. Finish piece will be 6"x 6"..
4. Lay out the embroidered squares following the chart (on the second page).

5. Sew the pieces together with a 3/8" seam following the chart (on the second page)

6. Press the seams open.
7. Cut three 1/2" x 22" strips for the horizontal window panes and two 1/2" x 25" for the vertical window panes.

8. Bond the iron-on-adhesive to the back of the 1/2" window panes.
9. Bond the horizontal window panes first to the panel then bond the 1/2" vertical window panes to the panel..
10. Trim excess off the ends of the panel
11. Zigzag both edges of the 1/2" window panes.
12. Cut three 16 1/2" x 3 1/2" for the top and bottom of frame and cut two 21 1/2" x 3 1/2" for the frame sides.

13. Sew the 3 1/2" pieces of frame fabric to the edges of the embroidered pieces with 1/2 inch seam. Sew sides first and cut flush to edge of embroidered pieces. Repeat for the top and bottom frame.
14. Layer the top (side up), bottom (side down) and batting. Sew 1/4 inch seam leaving an opening to turn right side out.

15. Trim corners for boxed edges and turn inside out:

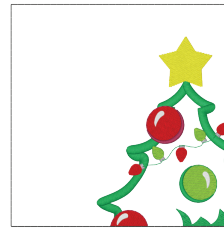

16. Hand stitch the opening closed.

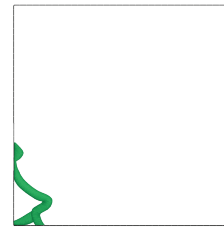

17. Press down. Careful not to scorch the embroidery.

18. Edge stitch around the inside edge of the frame. (Sewing on the inside edge of the Border material).

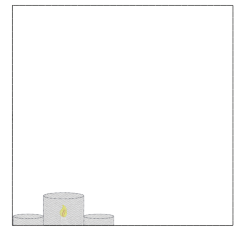

19. Hand stitch the three plastic rings to the top stitch line onto the back. Run the dowel through the rings.
